

**Lead Instructors**

### 2005 Kentucky Environmental Education Certification Class

Dr. Joe Baust  
Professor of Education  
Director of the Center for Environmental Education  
Murray State University

Dr. Yvonne Meichtry  
Associate Professor of Education  
Director Center for Environmental Education  
Northern Kentucky University

Dr. Terry Wilson  
Professor of Education  
Director of the Center for Math, Science and Environmental Education  
Western Kentucky University

The three instructors for the certification workshops will be team teaching all three courses, though each has taken the “lead” for one course. These three folks have a combined total of 70 years experience teaching environmental education at the college level so I think you will find them quite knowledgeable and also very accessible.
